

## PRODUCTION EQUIPMENT

### C.N.C Machines

- 1 horizontal turning center 5 axis Ø500, L 1000, INTEGREGX 200 IV S, 120 tools with robot changer
- 1 horizontal turning center 5 axis Ø500, L 1000, INTEGREGX 200 III ST, 80 tools with robot changer
- 1 horizontal milling center 4 axis, 2 pallets, 80 tools
- 1 horizontal milling center 4 axis, 2 pallets, 60 tools
- 1 milling center 5 axis 15000 RPM, 120 tools, 10 pallets with robot changer
- 1 horizontal mach. center 4 axis, Mori Seiki NH5000, 14000RPM, 60 tools, 730x850x850, palletized
- 2 milling centers 25 tools, 710 x 400 x 450, 4 axis
- 1 milling center 10 tools, 500 x 380 x 400, 4 axis
- 1 turning center ATC20, 16 tools, Ø 268, L 550
- 1 lathe 16 tools Ø 500, L 1000
- 2 lathes 12 tools Ø 250, L 600 (1 with bar system)
- 2 lathes 12 tools Ø 160, L 340
- 1 tooling lathe dia 220, length 1000
- 7 CNC dividers 360000 positions
- 1 wire spark machine 300 x 200 x 256
- 1 hubbing spark machine 300 x 250 x 250

### Conventional lathe

- 2 lathes, Ø250, L 1000
- 2 lathes, Ø190, L 700
- 3 lathes for tooling, Ø 130, L 500

### Milling machines

- 2 milling machines, 1500 x 700 x 550
- 1 NC milling machine, 485 x 385 x 380
- 2 milling machines, 710 x 250 x 400

### Drilling machines

- 6 sensitive drilling machines, Ø 30
- 2 automatic drilling machines with 10 spindles, Ø 23
- 1 drill tower with 6 spindles, Ø 13
- 1 drill tower with 6 spindles, Ø 18
- 2 multi-spindle drilling machines with 12 spindles, Ø 20
- 1 radial drilling machine, Ø 44

### Grinding machines

- 1 NC external grinding machine, Ø 350, L 1000
- 1 surface grinding machine, 620 x 220
- 2 horizontal lapping machines, Ø 10 to 50, L 300
